

CLENBUTEROL

Product ID: G37148279

Form Tablet

Concentration 80mcg

Schedule Rx Only

Route Of Adm. Oral

Clenbuterol is a potent non-steroidal anti-catabolic/thermogenic drug. Clenbuterol Hydrochloride is a sympathomimetic that works on the sympathomimetic nervous system. There are several receptors in the body on which a sympathomimetic can act. Clenbuterol, the beta-2 receptor is the site of interest and action. As is widely known, Clen actively stimulates the beta-2 receptor. Through this type of stimulation, airway obstructions are actively reversed, providing better breathing for those who need it. The same stimulation can also be used to increase an individual's metabolic rate.

Storage Conditions and Warnings

DO NOT REFRIGERATE OR FREEZE
KEEP OUT OF REACH OF CHILDREN
STORE IN A COOL, DRY PLACE BETWEEN 15-25°C (59-77°F)
PROTECT FROM LIGHT AND MOISTURE
USE ONLY AS DIRECTED BY A HEALTHCARE PROFESSIONAL
