

## WINSTROL DEPOT

Product ID: G10418038

Form Inject

Concentration 100mg/mL

Schedule CIII – Rx Only

Route Of Adm. Intramuscular

Aqua Winstrol is a water-based injectable form of Stanozolol, an anabolic steroid known for its performance-enhancing effects.

Winstrol or Stanozolol is popular among athletes and bodybuilders for its ability to increase lean muscle mass, improve strength, and enhance athletic performance without important water retention. Although Winstrol is available in both oral and injectable forms, its aqueous (water-based) version differs in its faster absorption and shorter life compared to oil-based steroids.
